Portfolio: <https://leighdahlin.github.io/Portfolio/>

*Full Stack web developer leveraging background in accounting to develop code that is clear and efficient in both design and execution. Seven years of accounting-related experience in both local and remote roles that require being an excellent communicator. In these roles, I was able to streamline processes such as revenue tracking using my mastery of Microsoft Excel. Earned a certificate in Full Stack Web Development from the UC Davis Coding Bootcamp. I'm passionate about coding because it allows me to be creative and innovate solutions to real-world problems. Technical skills include Git, HTML3, CSS5, JavaScript, Node.js, React, MySQL and MongoDB. Strengths in problem-solving, time management, being detail-oriented and keeping my teams on track to meet deadlines. I'm excited to expand my skills and knowledge as a developer in my next role.*

## **TECHNICAL SKILLS**

Languages: HTML5, CSS3, JavaScript ES6+

Libraries: jQuery, Bootstrap, Bulma, Node.js, React

Other: Git, Responsive Design, Google Maps API, Express, MySQL, MongoDB, Mongoose

## **PROJECTS**

***Bountiful*** | <https://github.com/leighdahlin/Bountiful> | <https://bountiful-ca.herokuapp.com/>

Technologies: HTML, CSS, JavaScript, Bootstrap, Express, Sequelize, Handlebars, PostgreSQL

A peer-to-peer gardening service that allows users to buy and sell home grown produce in their local area.

***The Hopperator*** | <https://github.com/leighdahlin/Hopperator> | <https://leighdahlin.github.io/Hopperator/>

Technologies: HTML, CSS, Bulma, JavaScript, Open Brewery DB, Google Maps API

Immersive beer experience including history of beer, brewery search and plan your beer crawl.

***Day Planner*** | <https://github.com/leighdahlin/work-day-scheduler> | <https://leighdahlin.github.io/work-day-scheduler/>

Technologies: HTML, CSS, JavaScript

This work day planner is designed to assist you with your daily schedule.
